

CELEBRATING SIXTY YEARS

**GEORGIA
PIEDMONT**
TECHNICAL COLLEGE

2021 ANNUAL REPORT

A LOOK BACK & A LOOK AHEAD

'Learn, serve, and lead' are the values of Georgia Piedmont Technical College. And as we embark on our Diamond Anniversary year, those pillars have never been more vital. For 60 years now, Georgia Piedmont has served DeKalb, Newton, and Rockdale Counties. Whether in its infant stages in 1961 as the DeKalb Area Vocational School serving just 18 students or in its present day with multiple campuses, serving more than 5,000 individuals and hundreds of companies, our commitment to excellence never wavered – even during a global pandemic. From providing masks and PPEs to digital temperature checks and frequent surface cleaning and sanitizing, the college took many steps to ensure our students, faculty, and staff stayed healthy. Over the last academic year, Georgia Piedmont saw only 38 confirmed COVID cases. Even during times of quarantines, lockdowns, and limited face-to-face interactions, the commitment to students' access to resources and quality education never wavered.

Georgia Piedmont Technical College looks to the community and workforce needs when it comes to implementing new programs and projects. One primary example is the future Regional Transportation Training Center (RTTC) in Lithonia. Once completed, this multi-million-dollar public venture will be the largest training site of its kind in the state. And coming this fall, the college will offer two new degrees in the healthcare field – Radiologic Technology and Surgical Technology. As it stands, Georgia Piedmont has more than 200 degrees, diplomas, and technical certificate of credit offerings. GPTC also provides free adult education classes for those who need a high school equivalency or ESL (English as a Second Language) improvement. The economic development arm of Georgia Piedmont serves hundreds each year by delivering industry-specific training and job-ready certification programs.

On behalf of everyone at GPTC, we would like to thank the greater DeKalb, Rockdale, and Newton communities for all their support over the last 60 years. We stand ready to Find Our Way Forward TOGETHER for the next 60... and beyond!
